

1. **\*User Registration:\*** Allow users to create accounts, providing necessary information for visa processing.
2. **\*Dashboard:\*** Implement a user-friendly dashboard displaying visa-related information, application status, and upcoming appointments.
3. **\*Slot Availability:\*** Integrate a feature that shows real-time slot availability, allowing users to choose a convenient date and time for their visa appointment.
4. **\*Automated Notifications:\*** Implement a notification system to remind users of upcoming appointments, document submission deadlines, and any changes in the application status.
5. **\*Document Upload:\*** Enable users to securely upload required documents directly through the platform, streamlining the application process.
6. **\*Appointment Rescheduling:\*** Provide users with the flexibility to reschedule appointments based on their changing circumstances.
7. **\*Fee Payment:\*** Integrate a secure payment gateway for users to pay visa fees online, reducing the need for physical transactions.
8. **\*Chat Support:\*** Include a live chat feature for instant assistance, helping users with queries and concerns related to the visa application process.
9. **\*Application Tracking:\*** Allow users to track the progress of their visa application, providing transparency and reducing anxiety about the status.
10. **\*Multi-language Support:\*** Cater to a diverse user base by offering support for multiple languages to enhance accessibility and user experience.

These features collectively aim to simplify the visa application process, provide transparency, and enhance user satisfaction.
